

# How to use the “Odyssey State” tournament app:

**Step 1** Download the app on your iOS or Android device by searching for “Odyssey State.”

**Step 2** Enter your Association Code. For most, this will be your state’s two-letter abbreviation + “OM.” Ex: Florida = FLOM, Texas = TXOM. Since California has two associations, their codes are NCAOM and SCAOM. (*Not case sensitive*)

**Step 3** Select the tournament you wish to see from the list of that association’s available tournaments. Some events may not be visible until near the event date.

**Step 4** Explore the options and allow this wealth of information to help make your tournament day easier and more organized!
